

Bonus Reasons for Why *NOT* Harper...

- 1- **Bill C-51** Anti-Terrorism Act (excuse to spy on law-abiding citizens opposing Harper's views & agenda).
- 2- **Defunding Veterans** (cruel, U.S.A.- style abandonment of PTSD and/ or crippled soldiers who **deserve better.**)
- 3- **The TPP** (described as NAFTA on steroids)
The Trans Pacific Partnership is about removing all barriers (rules and regulations) that keep large corporations in check, and from exploiting Canada. It will strip away many individual and national rights (eg: allow Asian corporations to force (sue) us to extract resources, even if we want to stop due to pollution and environmental catastrophe). **Canada is our land... not to be sold out** as a bundle of resources waiting for the greediest and most aggressive foreign corporations to exploit and plunder.

Are You Ready for Change?

We are '**The True North... Strong and Free**'.

Today, Canadians want Truth, and a government that represents who we are: a diverse Nation of responsible, progressive-thinking, moral individuals who value democracy.

What does it mean to be a Patriotic Canadian citizen?

Being a proud Canadian means caring enough about this amazing country to get informed, about what is really going on, and talking to each other about what matters. We need to define our values, and demand that our elected officials reflect them.

If you don't think our current federal government embodies this ideal... then CHANGE IT!

Why *Not* Harper

The Canada we know is under threat.

Stephen Harper is not just a Conservative.

Stephen Harper has a **Neoliberal Agenda.**

The Harper government makes decisions to benefit large multi-national corporations, while limiting the ability of Canadian citizens to have a voice.

What benefits Canadian families is not top priority... This is just not acceptable.

We voted them in to work for us.

They are failing us... and now they must go.

Learn the **FACTS.**

Did you know about the **TPP**?

It is a Free Trade Agreement involving Asia with serious consequences... that Harper is close to **finalizing** without disclosing to us.
